# Here's your easy guide to hiring a photo booth:

01

Get a quote - Download the price list, and choose the specific photobooth and package you require. Follow our FB page for the current available additional add-ons. Contact us if you require further assistance or detail and to confirm date availabilities. Let us know how many guests you expect at your event, what the theme is, and how long you'll need the photo booth for. As a rule of thumb, we advise a minimum of 1 hour per 30 guests.

02

Fill in and sign your order form after receiving your formal invoice. Pay your deposit and send the order form, requested documentation, and proof of deposit payment to [syzygyphotographer@gmail.com](mailto:syzygyphotographer@gmail.com).

03

Send through any additional information i.e. logo designs for photo strips, specific branding for unique photo props if requested as an additional service.

04

In the week leading up to your event, SyZyGy Photography will be in touch via whatsapp and or email to confirm logistics and the design of your photo strips.

05

The SyZyGy team will arrive 60 minutes before your rental start time to set up the photo booth. (It is advised that this is also before the start of the event itself in order to avoid disrupting the event proceeding during set up). The set up time does not count towards your rental time so you can get the most value for money. The same counts for dismantling and packing up at the end of the event, after the duration of the services required, have been fulfilled.

06

SyZyGy will send the digital copies to you after your event and after final payment of any outstanding fees. During the event, guests can email the digital copies of their photo booth sessions to themselves if Wi-fi is available at the function venue.
